ANDREW KIM

Experience

Senior Product Designer - Mercury
New York, NY | January 2023 - January 2025
Designed and launched Bill Pay, one of Mercury's first ever paid products. On the Spend Management team, shipped improvements to our brand new Reimbursements product.

Product Designer - Brex
New York, NY | January 2022 - October 2022
Designed experiences on the Global Financial Services team including multi-entity card billing and global credit support for venture backed and middle market customers.

Product Designer - Capital One
McLean, VA | July 2019 - September 2021
Designed experiences on the Commercial Card and B2B Payments teams including ERP Connectivity to reduce payment friction and Admin Roles to drive adoption of our core platform.

Product Design Intern - Apple
Cupertino, CA | May 2018 - August 2018
Designed an experience to help iOS users keep their iCloud accounts secure while getting the most out of their Apple IDs.

UX Design Intern - Prudential Financial
Newark, NJ | June 2017 - August 2017
Designed an interactive web guide for expecting parents, redesigned PGIM Investment pages to align with new branding styles, and ran user tests to validate D2C life insurance.
